

O'HARA'S NEW LOCATION SURVEY: We need your opinion! After 18 years we may not be able to stay on Las Olas Boulevard for various reasons.

As most people know we are being asked to move from our present location on Las Olas Boulevard, because of The Riverside Hotel's re-development of our block east to SE 8th Ave. Other stores being displaced include Needlepoint Gallery, Shizen Japanese Restaurant, Café Europa, and The Grape Wine Bar.

The Riverside Hotel's development of their new banquet facilities and catering room facilities and additional rooms will be built from Las Olas Blvd. to and along the New River with an extension of the Riverwalk style promenade and the relocation of the Riverside Hotel's garage entrance ramp. This includes several stories which will include retail stores & hotel expansion on the New River, in this first phase of the remaking of Las Olas Boulevard. It will take approximately three years to complete and we are invited to return as part of the new site on the New River promenade below the new banquet and wedding pavilions.
